Overview

Melissa Peart is a TMD Senior Scheduler with over 12 years of experience in the operation and scheduling of urban transit services. Ms. Peart is an experienced Hastus user and has developed transit schedules and rosters in a variety of operating environments.

Since joining TMD in 2002, Ms. Peart has been responsible for the development and optimization of vehicle schedules for Maryland Transit Authority, AC Transit, San Diego Transit Corporation, Chicago Transit Authority, Milwaukee County Transit System, Regional Transport in Denver, Veolia, and vehicle and crew schedules as well as relevant reports, for Riverside Transit Agency using the Hastus program.

She has also been involved in the Hobsons Bay/Maribyrning/Moonee Valley Bus Service Review (also known as "Moonee Ponds Footscray Bus Service Review") and produced vehicle schedules for local bus routes in Melbourne for the Department of Infrastructure. In this position she reviewed the conceptual timetables arising from the Bus Review, using HASTUS, which provided the opportunity to compare a number of scenarios in terms of the effectiveness of the vehicle schedules required to operate the revised bus network.

Transit Operations/Planning/Scheduling

Ms. Peart has over 12 years experience in public transit operations and scheduling. Working for Public Transport Corporation (PTC), she was responsible for roster production for various major projects and acted as liaison with respective Tramway union delegates and management regarding confidential and sensitive issues.
